

Room 7 Families--

Below is a suggested schedule for students to follow until schools reopen. The schedule is meant to mirror the regular classroom schedule as much as possible. Adjust as necessary for your household. Following a schedule, of any kind, does help to maintain continuity and creates reassuring stability for children. **The only thing that needs to be completed is the Topic 12 Online Test for 4th Grade.** Waiting for 3 weeks to take a test is enough time to forget everything covered in the topic!

I have also assigned Cumulative Reviews in Pearson Math for both the 4th and 5th grades. These are nice reviews for 4th grade and great study aides for 5th graders to prepare for their Math Readiness test for middle school.

Morning ELA Independent Reading on RazKids (40 minutes)
Complete an ELA activity from the district resources link

<https://sites.google.com/sandi.net/sdusdinstructionalcontinuity/home/grades-3-5-resources?authuser=0>

Math ST Math/Pearson assignments (40 minutes)
Complete a Math activity from the district resource link

<https://sites.google.com/sandi.net/sdusdinstructionalcontinuity/home/grades-3-5-resources?authuser=0>

Writing Journal Prompt
Posted in Room 7's Google Classroom
<https://classroom.google.com/u/2/c/NDE1NDE2NDE0NzFa>

PE Select a link under the Physical Fitness tab on the district resource link
(I personally like GoNoodle and the CrossFit workouts.)
